***Introduction***

The Jackson Housing Authority (JHA) is a local Public Housing Agency whose mission is to provide quality housing and supporting services for low and moderate-income persons, which promote upward mobility and a better standard of living. JHA manages public housing developments, Housing Choice Voucher programs, and is the contract administrator for three (3) Project-Based Section 8 developments.

As a Public Housing Agency (PHA), JHA is required to inspect Section 8 Housing Choice Voucher units for compliance with HUD's Housing Quality Standards, and other related standards to show that housing units are decent, safe, and sanitary.

JHA currently administers subsidy to multiple residential housing units under various components of the Tenant Based Rental Housing Assistance Programs, including the Housing Choice Voucher Program, the Project Based Voucher Program and the Veterans Affairs Supportive Housing (VASH) Program.

For the purpose of this proposal, we expect a utilization of approximately **1264 Tenant-Based Housing Choice Voucher Units, 186 Project-Based Section 8 Units**, and to provide clear, concise and meaningful reporting related to the deficiencies identified during the inspection.

HUD has designated the Housing Choice Voucher (HCV) program as a high performing program during our last SEMAP submission. Our continued success will, in part, be contingent upon the successful operation of its Section 8 Housing Assistance Programs and its ability to quickly place its Section 8 participants into safe, decent and sanitary housing units.

JHA will enter into one or more contracts with the successful Respondent(s) and negotiate a one-year contract with an option to extend for an additional year for the inspection of housing units assisted under the various Tenant Based Assistance and Project Based Assistance Programs as described further in this RFP.
